

**Compact products**

We have optimized the size of all INCASA products because the number one constraint of motorhome, caravan, panel van owners or simply campers is available space in their vehicles or tents to carry all necessities for staycations or longer holidays.

**Rectangular dishes & Square dishes**

Made of high quality silicone, ultra compact and foldable and up to a height of only 5 centimetres. Silicone is naturally non-stick, so it cleans up quickly and easily. And because silicone bowls don't need to be greased, you can use less fat in your food.

**Product information**

Cold resistant

Dishwasher safe

Food safe quality

Do Not use a knife
