

Essential

If you can't use your hair dryer or hair straightener from home, which are designed to operate on 220 volts, you can opt for a travel hair dryer or straightener iron that plugs directly into the cigarette lighter socket. This way, you can straighten, brush and add volume to your hair even when you are on the move!

Hair dryer & hair straightener

Ideal for use in recreational vehicles. Compact design with foldable handle for optimal storage. Ergonomic handle for easy use.
